

AKASO Releases New Brave 7 LE Action Camera

The World's Most Popular GoPro Alternative has Designed the Perfect, Affordable Camera for Vlogging

FREDERICK, MARYLAND, UNITED STATES, June 15, 2020

/EINPresswire.com/ -- [AKASO's](#) new Brave 7 LE action camera is weatherproof and technologically advanced to enable all filming scenarios and simplify the vlogging experience. Its IPX7 water-resistant design protects this action camera from rain, snow and splashing water. Underwater adventures can even go down to 131FT/40M when equipped with the included waterproof housing.

AKASO has been the world-leader in affordable, high-quality action cameras intelligently designed to compete with the pricey GoPro. One strategy the company has taken is to design them with various niche markets in mind, from amateurs to professionals. Its latest release, the [AKASO Brave 7 LE](#) is

an ideal tool for vloggers, with a host of features that offer both pro-level results with simple ease of use. Priced at \$139.99 MSRP, some of the Brave 7 LE features dual screens for easy selfie-shooting, 4K30FPS video, 20MP photos, gimbal-like 6-axis stabilization. The camera includes WiFi and HDMI and integrates with the free AKASO GO iPhone and Android app.

In addition to its technical features, the AKASO Brave 7 LE comes with a great selection of accessories such as a remote control, two 1350mAh batteries so there's always an extra on hand.

The camera itself is waterproof to IPX7 standards (1 meter) and includes a rugged waterproof case that can go to 30 meters (98 feet).

Priced at only \$139.99 MSRP, the AKASO Brave 7 LE gives consumers the same technical features, double the accessories and extras, and only one-third the price of the GoPro Hero 8 (\$399 MSRP)!
