“

Each of the Wicked Sawyer Candles creates a unique scent experience that can be shared with family and friends to create memorable moments.”

“Candles can set a mood, lift your spirits, and even help you relax. But the wax in your candles can have a great impact on both the environment and your health,” explains Wren, CEO for Wicked Sawyer Candles. “Of all the eco-friendly waxes out there, coconut tops the list. It is clean-burning, long-lasting, and has a better scent throw, which means that you can enjoy strong scented candles with an aroma that lingers long after it’s blown out.”

Each order of Wicked Sawyer Candles comes in a luxurious package for the option of gifting to someone special. The Tropical Collection: Your Scented Getaway comes in a beautifully ornate pineapple-shaped candle vessel. The scents and wax blend in perfect harmony to create a longer burning candle which helps to save even more

money in the long run. The natural coconut blend wax and phthalate-free fragrances are hand-poured in small batches to provide the highest quality candle and fragrance experience. And for additional cost savings, free shipping is available to all U.S. residents.

The VIP Club option provides many extra benefits, including saving even more with exclusive member perks like double-dip coupon codes.
