

Barinder Sandhu Featured in Exclusive Interview with Thrive Global

Founder and CEO of Evergreen Pharma Solutions is honoured to be featured in an exclusive two-part interview with Thrive Global.

BRAMPTON, ONTARIO, CANADA, June 8, 2020 /EINPresswire.com/ -- Founder and CEO of Evergreen Pharma Solutions, Barinder Sandhu, is featured in an exclusive two-part interview with the publication Thrive Global. During the interview, Barinder shares her varied experiences throughout her impressive career in the pharmaceutical industry, and shines a light on how females can thrive in STEM related industries.

Ms. Sandhu provides invaluable advice for future generations of female STEM leaders, "I feel that I can share my own life learnings to help the next generation of women advance and realize their true potential. The word "potential" is the key. To me, you can look at potential as Recognize, Realize and Reach. You first start by helping women to recognize that they have talent and skills to succeed in the industry. You then help them to apply this knowledge where applicable, until they reach a high level of confidence and mastery."
