(Investorideas.com Newswire) Breaking
Entertainment & Technology CBD Stock News - GD
Entertainment and Technology (OTC: GDET) ("GDET"
or the "Company") is excited to announce the
redesign and relaunch of its Dream Card enterprise
(gdet.co/dream-card), which specializes in fully
customizable, premium quality payment cards.

The redesign and relaunch strategy is geared toward capitalizing on the unmet demand and strong growth opportunity of the prepaid gift card marketplace, which was valued over \$1.84 billion in 2019 and is estimated to grow to a total size exceeding \$5.5 billion by 2027 at a CAGR of nearly 15%, according to Allied Market Research.

Management notes that the Company plans to differentiate itself in the prepaid gift card market by leveraging its existing Dream Card infrastructure that will create a greater "user friendly" experience. This will allow for personalization of prepaid cards, including a metal card and imagery, to offer end users a highly personal touch currently unavailable in the marketplace. Customers will be able to create cards with logos for clubs, their choice of celebrities, BF's, GF's, pets or specialty themes. The Company can apply this touch to the already existing core model of upgrading Credit cards to this design as well.

Anil Idnani, CEO of GDET, commented, "We continue to strategize with streamlining and efficiency as our top priority – seeking to maximize growth in only those areas that represent a

truly powerful ROI opportunity. Dream Card fits that model. That said, the division needed an overhaul since we acquired the business. We are extremely excited about the changes being put in place, and we are targeting full revamped launch by the end of this month.”
