FRANKLIN, NORTH CAROLINA, June 2020 – Nestled in a tiny town in the beautiful Smoky Mountains, the author (Sporty Man) awoke from sleep one morning to find that his mind was filled with the names, localities and intriguing plot lines that are the subject of this amazing romance novel.

He immediately sat down at his desk and began writing. He felt transfixed as though he were a transcriber and a transportation vessel rather than an author. “Bird With Expanded Wings” has been released and can be ordered in Kindle or paperback version on Amazon.com., or at your favorite bookstore.

The depth of intrigue in Connie’s impoverished life commences when a man enters her women’s consignment shop and hands her a certified check. He is asking for redemption. Despite his explanation, she suspects the money is gang derived and sourced by her son. With the cooperation of her best friend, they develop a plan to determine the authenticity of the stranger and his story. When her best friend, who is a self-confessed nymphomaniac, becomes romantically involved, Connie feels emotional conflict which threatens the friendship. The intrigue heightens when the friendship between her son and the stranger is revealed. Five distinctly different love connections evolve with sexual intimacy while Connie finds renewed

enthusiasm for love and life.
