[/EINPresswire.com/](https://www.einpresswire.com/) -- In these interesting times, when life puts a forced pause on us, most of all we need to lift our spirits, to feel alive. “Life Motion” is the fifth studio album of “Intelligent Music Project.” And this time in the band led by Milen Vrabevski, MD (author and producer) there are big world names - the drummer and co-producer of the release Simon Phillips, as well as the vocalists John Payne (ex-Asia) and Richard Grisman (River Hounds). Ronnie Romero, a singer who became famous for joining Rainbow in 2015, made his debut in it. And when we add respected Bulgarian musicians to this stellar team, it becomes quite clear that high class is being pursued at IMP.

“Epidemic, crisis, contagion.” Not a day goes by without hearing these words for more than a month. Indeed, the current situation is a test for everyone, but it also brings some positives - such as the opportunity to spend more time

Milen Vrabevski, MD says: "I would like my children to grow up with the ideas I share in my albums, and instead of teaching them lectures about those ideas, I use the language of music, which is very universal and easy to understand."

Legendary drummer Simon Phillips (Toto, Protocol, Mike Oldfield, The Who) gave two solos for the songs "Reflecting" and "Rising" on "Life Motion," with music co-producers Dr. Vrabevski, Simon Phillips and Ivo Stefanov.

Intelligent Music Project IV "Sorcery Inside" is another entirely Bulgarian music project of the creator of "Intelligent Music Project" - Milen Vrabevski, MD. It includes legendary musicians such as Simon Phillips (Toto), Carl Sentans (Nazareth), Richard Grisman (River Hounds), John Payne (ex-Asia) and Joseph Williams (Toto), who have left their incomparable handwriting on the 12 compositions by Milen Vrabevski, MD.

Simon Phillips participated in the recordings not only on drums, but also as a music co-producer, together with Milen and Ivo Stefanov. The recordings were made in the fall of 2018 at Brotheryn Studios, California, by Simon Phillips and Ernest Tibbs (drums and percussion), Jesse Siebenberg (guitars, vocals) and Dave Palmer (pianos).

"Indeed, the cast of the Intelligent Music Project resembles an ensemble of the elder statesmen of rock, featuring a collection of decorated artists like Toto drummer Simon Phillips and Asia lead vocalist John Payne. The evident talent of each individual member of the band shines through at various points during the album Throughout it all, the production stands out for its silky smoothness, stitching together each aspect of the band's throwback sound with commendable dexterity. 'Sorcery Inside' clearly attempts to be a modern-day alternative rock album, at times trading the traditional electrical-guitar driven sound for more experimental substitutes." - The
