

Oklahoma US Navy Veterans Lung Cancer Advocate Urges a Navy Veteran with Lung Cancer in Oklahoma who had Asbestos Exposure to Please Call the Lawyers at Karst von Oiste to Discuss Compensation that Might Exceed \$100,000

OKLAHOMA CITY, OKLAHOMA, USA, July 30, 2020 /EINPresswire.com/ -- The Oklahoma US Navy Veterans Lung Cancer Advocate is appealing to the wife or adult son-daughter of a Navy Veteran with lung cancer to please call the lawyers at the law firm of Karst von Oiste at 800-714-0303 about compensation-if their loved one had significant exposure to asbestos prior to 1982. The financial compensation for a person like this might exceed \$100,000. The person the Advocate is trying to identify is over 60 years old and it does not matter if they smoked cigarettes.

The lawyers at the law firm of Karst von Oiste have been assisting Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people like this nationwide. "If your friend or loved one has lung cancer and you know for a fact-

he had significant exposure in the navy please call 800-714-0303-we think you will be glad that you did." www.karstvonoiste.com/

The Oklahoma US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Oklahoma City, Tulsa, Norman, Broken Arrow, Lawton, Moore, Midwest City, Enid, Edmund, Moore, Stillwater, or anywhere in Oklahoma.

Lung Cancer Advocate*

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call

us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact."

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. However, there are people with asbestos exposure lung cancer in Oklahoma. www.karstvonoiste.com/

For more information about asbestos exposure please visit the NIH's website on this topic: <https://www.cancer.gov/about-cancer/causes-prevention/risk/substances/asbestos/asbestos-fact-sheet>.
