

# Huizhou JB Battery Technology Limited Introduces a New Variant of Custom Lithium Ion Battery

*Huizhou JB Battery Technology Limited has recently introduced a new variant of Custom Lithium Ion Battery.*

HUIZHOU, GUANGDONG, CHINA, June 15, 2020 /EINPresswire.com/ -- Huizhou JB Battery Technology Limited has come up with a new variant of [Custom Lithium Ion Battery Pack](#). The company has been designing and assembling numerous types of custom lithium-ion batteries that were extremely useful for various purposes. The latest variant is equally efficient in performance. The company has been developing and assembling a wide variety of battery solutions for more than a decade. Its latest product is on par with the previous ones and shall serve the purpose perfectly.

The CEO of the company recently stated in his interview with a leading daily, "We are one of the leaders in producing amazing custom battery solutions since 2008. JB Battery has been serving all types of customers with its unmatched products. Our designing team comprises highly efficient and talented members who can tailor-made the batteries as per the requirements of our customers. We have some of the widely-used battery types already available for the clients. However, our R&D is never at peace and they have come up with this

variant after through research. We hope this variant caters to the necessities of the consumers as the existing ones do.”

JB Battery offers standard and customized battery solutions for mobile phones, MP3 players, LED lights, laptops, tablets, and the list continues. The company is regarded as a reliable and affordable [Custom Lithium Ion Battery Pack Manufacturer](#) in the country. It offers top quality products that are highly durable and long-lasting at a reasonable rate.

The company has been collaborating with many retailers and agents both nationally and globally for a long time. Its new custom battery solution will be available across the world shortly. JB Battery has been meeting its deadline perfectly with quick services as soon as the demand generates.

The CEO of Huizhou JB Battery Technology Limited continued to say in his interview, “JB Battery never compromises on the quality of its products and this is the main reason behind our success. We also strive to offer the best service to our customers and that is reflected by our strong customer base. Our new product is priced competitively and will be available to our customers worldwide.”

Besides Lithium-ion batteries, JB Battery offers Ni-MH batteries, Lithium-Polymer Batteries, LiFePO4 Batteries, and other battery applications. It offers a wide range of tailor-made batteries that can serve multiple purposes. The company offers a high quality of batteries at a very decent price and this is what draws millions of customers within the nation and across the globe.
