As in the case of adding a [solar system](#) with SunPower by esaSolar, the project does both. Solar energy is the way of the future, improving in technology year after year and becoming even more cost effective. The show featuring esaSolar aired on WOFL Fox 35 on Saturday, June 13 and repeated on WFTV ABC on Sunday, June 14. The segment is available [HERE](#) to view.

“

We are thrilled to be able to represent our community and help educate local homeowners and business owners on the benefits of solar energy on this Designing Spaces segment.”  
*Morgan Brawner, SunPower by esaSolar Vice President of Business Development*

“Living in Florida, the sunshine state, we’re seeing explosive growth in solar,” said Morgan Brawner, SunPower by esaSolar Vice President of Business Development. “We are thrilled to be able to represent our community and help educate local homeowners and business owners on the benefits of solar energy on this Designing Spaces segment.”

“Solar has come a long way in the last 20 years, since I joined the industry,” stated Chief Technical Officer, esaSolar. “Along with improved technology and the addition of battery backups, the costs

have come down — in some case nearly 90%.”
