**If you don't pass you don't PAY!**

Money Back Guarantee

These exams allow students to test out of college courses, similar to the Advanced Placement (AP™) exams for high school students. But all students including homeschool, high school, college, military, & adult learners can earn college credit by testing out. "An adult student who earns 15 CLEP credits to apply toward a degree could save nearly \$5,000 at the average public 4-year institution and more than \$17,000 at the average private nonprofit institution."\*

Students will have access to online test prep which prepares them for a designated exam. A progress bar will track the student's progression throughout the course, once the progress bar reaches 90% the student is ready to take the selected exam.

Credit by examination is often used to complete general education courses like English, History, Math, and others. This reduces the cost of a student's degree and the time it takes to complete a college course. Students can save time, save money, and graduate sooner by testing out. They also increase their chances of graduating from college without debt. SpeedyPrep test prep backs all its products with a 100% money-back guarantee for the first time testing success.

What Do Real People Say In SpeedyPrep Reviews?

“25-semester credits”

I wanted to drop you all a line and to say thank you for coming alongside our homeschooling efforts. We have a vigorous curriculum and find SpeedyPrep to be the perfect companion for receiving college credit for subjects our children have worked hard at, and with a little additional preparation from you, are prepared to receive college credit through the CLEP exams. Our oldest daughter took examinations after completing your study guides and applied 25-semester credits toward her Associate Degree. She is now studying Chemical Engineering. Our younger three kids plan to CLEP this year and carry on the tradition. Thank you so much!

“Your website fully prepared me for all of my exams!”

I am a teacher. Last year, I decided to pursue my English certification. I needed to pass 5 English CLEP exams, and took my first, and failed. I knew I needed help, so I researched study guides which is how I found your website.

I used SpeedyPrep to study for my remaining 5 exams, and as of yesterday, I have passed all 5 (on the first try!). Your website fully prepared me for all of my exams, and I couldn't be more grateful. Thanks so much!

“Bachelor's Degree with ZERO debt!

As a homeschool mom, I love Speedy Prep! My teenage children have passed numerous CLEP exams using SpeedyPrep. Our oldest just graduated with her Bachelor's Degree at the age of 21 with ZERO debt! She passed 7 CLEPs to help get her degree for under \$30,000! SpeedyPrep has great customer service, too, and an easy to use system! Thank you SpeedyPrep!!

Very glad I found it!”

SpeedyPrep helped me pass a CLEP test and get credits I needed while I was very busy enrolled in other classes full time. I could study late at night, on the weekends, whenever I could squeeze it in! It helped me structure how to get through lots of material slowly over time, and the interactive tests helped me to gauge my progress along the way. Very glad I found it!
