

# Future Armoured Vehicles Survivability 2020 Will Host a Pre-Conference Focus Day on Active Protection Systems

*SMi Group's Future Armoured Vehicles Survivability conference will host a dedicated Active Protection Systems Focus Day on 9th November 2020*

LONDON, UNITED KINGDOM, June 23, 2020 /EINPresswire.com/ -- SMi Group's [Future Armoured Vehicles Survivability conference](#) will return to London for its 6th year on 10th - 11th November 2020 to explore the technologies and concepts that aim to enhance armoured vehicle survivability; from systems that prevent platforms from being targeted, to systems that provide staying power in the event of an attack.

Not only this, but building on the successes of 2019, SMi will once again host a dedicated pre-conference [Active Protection Systems Focus Day](#) on the 9th November 2020, which will provide detailed and exclusive insight into how leading nations are integrating APS into their existing and future vehicle fleets.

Leading technical experts and militaries from the most forward-thinking nations will cover: Latest hard/soft kill systems, Modular Architecture, Sensors, Data Processing, Munitions and countermeasures, Capability Concerns, Technology demonstrations, Systems Testing and Trialling and much more.

Interested parties can register for the event at: <http://www.favsurvivability.com/EINpr2>

Focus Day Speakers Include:
