

Registration opens for SMI's 4th Annual Ophthalmic Drugs Conference

SMi reports: Registration is now open for the 4th annual Ophthalmic Drugs Conference, taking place in London on the 23rd-24th November 2020.

LONDON, UNITED KINGDOM, June 25, 2020 /EINPresswire.com/ -- SMI presents the 4th Annual Ophthalmic Drugs Conference taking place on the 23rd-24th of November 2020, in London.

The global [ophthalmic drug market](#) is forecast to surpass \$60 billion USD by 2025 with increasing focus from the industry on alternative delivery approaches and improving the effectiveness of the current repertoire of drugs in order to grow away from intravitreal injections and other surgical approaches to ocular therapy.

With 50% of the global population predicted to have complications in their sight within the next few decades, ophthalmic medicine is set to become one of the biggest industries in pharmaceuticals.

The newly-released brochure with the three-day agenda and full speaker line-up is available to download online at www.ophthalmicdrugs.com/pr1ein

As Europe's leading Ophthalmic Drugs conference, the conference will explore new discoveries in the treatment of ocular disease, innovations in combination technologies, and the utterly unique challenges that are faced in the treatment of one of the most complex organs in the body.

Chair For 2020:

The image shows a promotional brochure for the 4th Annual Ophthalmic Drugs Conference. The top right corner features the SMI logo with the tagline "LINKING BUSINESS with INFORMATION". The main title "OPHTHALMIC DRUGS" is prominently displayed in large, white, bold letters against a dark blue background. Below the title, there is a stylized, glowing image of a human eye. Two white boxes with black text provide the venue and dates: "HOLIDAY INN KENSINGTON LONDON, UK" and "23 - 24 NOV 2020". At the bottom, the website "www.ophthalmicdrugs.com" is written in a large, white font, with "Ophthalmic Drugs" written in a smaller font below it.
