24/7 Security by Kangaroo

No more looking through a peephole or wondering where your package went. The Doorbell Camera is designed to keep tabs on your front porch whether users are at home or miles away. It is small and easy to install with user-friendly instructions. Instead of complicated wiring, the Doorbell Camera is battery powered with standard usage of a year before needing to be replaced. Simply peel and stick or screw in the backplate on the camera. You'll feel safer and more confident knowing your front porch is always protected.

“

We created Kangaroo to ensure that everyone has access to home security,”
*Maximus Yaney, Co-Founder
and CEO of Kangaroo*

The Doorbell Camera comes with a chime that you can hear when you are at home, plus one that sounds on your smartphone along with an HQ image capture of anyone who is nearby. When you're not at home, an alert will be sent to your phone of any motion and/or a ring. You also

can upgrade to the Porch Protection Plan to be reimbursed for stolen packages at up to \$300 per year and increase your cloud storage to 365 days.

“We created Kangaroo to ensure that everyone has access to home security,” says [Maximus Yaney](#), Co-Founder and CEO of Kangaroo. “If you have WiFi and a smartphone, you can use Kangaroo.”
