## Segmentation

The Luxury Ring market report is segmented into sub-segments for comprehensive reading. The segment valuation and its subsequent growth trajectory are explored in detail with respect to key drivers and challenges. Region and country wise prospects and scope of the market are discussed as well.

## Research Methodology

Primary and secondary market research are conducted using Porter's Five Forces method. Primary research entails the accumulation of raw data from public and private sources. The data is studied extensively and used in gauging the growth or decline of trends. Subject matter experts, consultants, and directors of key companies are approached for their opinions. Secondary research is conducted for the verification of the primary research through other sources. Surveys and polls are conducted to understand the pulse of the audience and used in crafting new stratagems. Databases, archives, news, events, exhibitions, press releases of

industry leaders, and other pivotal turning points are assessed to gain information on the industry.
