Is my Liz sofa PROTECTED with Safe Front®? All Bellagio Velvet AQUACLEAN collections have been protected with Safe Front® as standard since 1999. From March 2019, all AQUACLEAN collections have incorporated the SAFE FRONT® treatment.

How can I DISINFECT my sofa with Aquaclean? Safe Front® is a powerful permanent barrier against external agents that is applied as standard in the fabric manufacturing process, so there is no need for external disinfecting or sanitizing agents. If you want to keep the sofa clean, you can vacuum it with a soft brush.

However, we understand that during the health crisis due to COVID-19 there may be circumstances in which you will be calmer doing extra disinfection.
