

# BAE Systems and Leonardo Amongst Technical Experts Set to Speak at Future Armoured Vehicles Survivability 2020

*Future Armoured Vehicles 2020 will feature presentations and networking opportunities with key OEMs, providing technical insight into survivability concepts*

LONDON, UNITED KINGDOM, July 14, 2020 /EINPresswire.com/ -- SMi Group's 6th Annual [Future Armoured Vehicles Survivability conference](#) will provide a platform for end users, capability development directors and industry experts to share updates and concepts in armoured vehicle modernisation, enhancement of active/passive protection, signature management, vehicle architectures, blast protection and more.

With that said, SMi Group are pleased to announce that the three-day event will feature presentations and networking opportunities with key OEMs, including BAE Systems Hägglunds, Leonardo, Pearson Engineering, TenCate Advanced Armour and Krauss-Maffei Wegmann, to provide comprehensive technical insight into survivability concepts.

Interested parties should register by the 30th September to save £100 with the early bird discount: <http://www.favsurvivability.com/EINpr3>

Industry presentations will include:

- "Developing Holistic, Adaptable, Survivability"  
Mr Dan Lindell, Director Combat Vehicles, BAE Systems Hägglunds
- "Enhancing Boxer Survivability to Extend Capabilities for German Mechanised Brigades"  
Mr Stefan Thelin, Head of Technology, Engineering, BAE Systems Hägglunds

SMi presents the 6th annual...
