

Introducing USA Made Philatron's New Copper Nose Wire for Home-Made and Professional COVID-19 Protective Face Masks

Philatron Introduces Copper Nose Wire for Home-Made and Professional Face Masks.

SANTA FE SPRINGS, CA, US, July 8, 2020 /EINPresswire.com/ -- As you walk the manufacturing floor of Philatron Wire and cable there's a humming sound as this California based major wire and cable manufacturer makes copper nose wire for face masks.

Most nose wire is made of steel wire and is only available off-shore. The great two things about Philatron's copper nose wire is that copper is more resistant than steel to COVID-19 and it is Made in America.

"I never thought I'd be manufacturing nose wire," Phil Ramos Jr., CEO, said, "But we are concerned and want to do our part to keep people safe."
