The Advocate says, "Because of the Coronavirus---2020 might turn out to be the worst year for mesothelioma compensation in decades--not because there are fewer US citizens with the Coronavirus but because people with mesothelioma are getting misdiagnosed with COVID-19. If your husband or dad is a Navy Veteran over 60 years old and he had significant exposure to asbestos in the navy-please tell his physicians about the exposure--if he is in the hospital for suspected Coronavirus." <https://Georgia.USNavyMesothelioma.Com>
