John C. Morley, owner of JMOR Connection, Inc. a technology [business](#) in Franklin Lakes, can give you tips on these tasks plus more. He also talks about household appliances such as his new Dyson V7 motor head vacuum cleaner.

“

We Make IT Easy™

Technology is great when we empower people to use it to its maximum potential”

*John C. Morley*

Morley talks about smart ways to use technology in his online show “The JMOR Tech Talk Show,” which airs on Fridays, at 5 p.m., on his YouTube channel JMORV1JMOR.

“You have to weigh what you're buying,” Morley said in the latest episode of The JMOR Tech Talk Show.

When buying gadgets for your home or a computer or laptop, he said, be choosy with what you buy and the amount you spend.

Other tips Morley gives include don't give your personal information out to someone over the Internet who you don't know and don't type in personal information on a suspicious website.

“People like technology but often times become frustrated when a website or spam message tries to compromise their identity,” Morley said.

He welcomes people to send in topic ideas to discuss on the show by visiting [jmor.com](http://jmor.com). People may watch The JMOR Tech Talk Show by visiting JMORV1JMOR on You Tube. About The JMOR Connection, Inc.

The JMOR Connection, Inc. is dedicated to providing solutions and services that will help small businesses grow and keep them up and running. Having over 28 years of experience, we care more about helping our clients solve their issues over whether or not we are making money. We believe in security, trust, integrity, and professionalism. We understand the challenges of a day-to-day service business. We are not afraid to be different nor to think outside the box. Our clients get the facts from us and they can stop the insanity; doing the same thing over and over again and expecting different results. We are here to serve the community and have been serving them for years.
