organization - through their Pyramid Cares program. Pyramid Cares is an initiative created to provide meals to those in need, blood donations through the American Red Cross, and medical supplies to hospitals during the COVID-19 pandemic.

During this COVID pandemic lockdown period, Pyramid, along with their wellness partners, successfully completed two Walking Challenges that encouraged their employees to stay active. For each participating individual and team that met/exceeded their fitness goals, Pyramid donated funds on behalf of their employees to Feeding America's COVID Response Fund. The long-standing partnership with Pyramid's wellness partners helped them provide the equivalent of 275,000 meals to more than 200 Feeding America Food Banks throughout the US. There is nothing hidden about Pyramid's commitment to the Community!

Pyramid's contribution will help food banks in cities where they have branch operations, including Atlanta, GA; Charlotte, NC; Chicago, IL; Dallas, TX; Hartford, CT; Houston, TX; Nashville, TN; Morristown, NJ; Philadelphia, PA; Richmond, VA; Sacramento, CA; San Francisco, CA; St. Louis, MO; Washington, DC.

"Our employees are committed to helping those in need whether we are in a pandemic or not. Giving back to the community is part of our corporate culture. Knowing that in these tumultuous times, our teams could work from home, exercise, and help provide 275,000 meals is an amazing accomplishment." said Sanjeev Tirath, Pyramid Consulting, Inc. Co-Founder and CEO. "Providing for those in need across the country means so much to so many. We are proud of our people and our relationship with Feeding America."

Pyramid Cares has hosted very successful blood drives that will help more than 60 lives, and provided much needed personal protective equipment (PPE) to Kaiser Permanente (CA); Robert Wood Johnson Healthcare (NJ); Emory Hospital System (GA); and Northside Hospital (GA). They
