

Michael Shah Announces Scholarship Campaign to Supporting Students in College Programs throughout North America

Michael Shah is pleased to announce the launch of an Academic Scholarship Campaign which will provide education funds to students in the form of financial aid.

NEW YORK, NEW YORK, UNITED STATES, July 13, 2020 /EINPresswire.com/ -- New York real estate investor and Delshah Capital business founder, Michael Shah is proud to report that he will be providing financial aid to post-secondary college students through an Academic Scholarship Campaign, which will grant aid to four students in North America.

Michael Shah's Academic Scholarship Campaign will seek to help promising, driven students who have been disproportionately impacted by recent economic downturns. These downturns have boosted unemployment rates and caused considerable financial hardships especially for students, who are often unable to hold a full-time job or receive an income while studying to complete their post-secondary programs.

The winners of Michael Shah's Academic Scholarship will be awarded financial aid that will be applied towards continuation of their studies. Anticipated to launch in mid-July, the campaign will be open to students currently enrolled in an accredited college or university located within North America. Proof of enrollment must be provided upon the submission of an application in order to qualify for consideration.

The scholarship will be awarded to three students for the amount of \$1,000 and to one additional student for the amount of \$2,000. To apply, interested parties must complete a 500-word essay which demonstrates the student's financial need and outlines an intended long-term career path.

Complete application guidelines and scholarship details are available through the Michael Shah Academic Scholarship Campaign's official website, located [here](#).

About Michael Shah
