CHEYENNE, WYOMING, USA,

September 4, 2020 /EINPresswire.com/

-- The Wyoming US Navy Veterans Lung Cancer Advocate says, "We are appealing to a Navy Veteran with lung cancer anywhere in Wyoming or their immediate family to please call the lawyers at Karst von Oiste at 800-714-0303 if the Veteran also had significant exposure to asbestos decades ago. Most Navy Veterans like this are frequently stunned to learn financial compensation for lung cancer and exposure to asbestos in the navy might exceed a hundred thousand dollars. The Navy Veteran we are trying to identify is over 60 years old and it does not matter if they smoked cigarettes. The compensation for a Navy Veteran like this does not involve suing the navy.

"The reason we have endorsed the lawyers at the law firm of Karst von Oiste is because they have been

assisting Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people

like this. They also treat their clients like family, and they go out of their way to produce the best compensation results for people with asbestos exposure lung cancer and or mesothelioma. If you are a Navy Veteran with lung cancer and you had heavy exposure to asbestos prior to 1982 in the navy please call 800-714-0303 for direct access to the lawyers at Karst von Oiste. We think you will be glad you did."
