Popcorn at American Tortoise Rescue

Popcorn, a beautiful large sulcata tortoise and a favorite among the rescues at the sanctuary, says everyone will look groovy while spreading love instead of the COVID virus. The mask also makes a great gift for friends and family with summer birthdays. At only \$15 each, the mask is a great buy, with all profits going directly to the care and feeding of turtles and tortoises at the rescue, not to salaries and overhead.

Popcorn came to the rescue years ago from a home in Chicago where he lived in an apartment and ate rice cakes. He was very deformed, and his shell reflected poor weather and bad diet. He's been at American Tortoise Rescue for more than 15 years enjoying daily sun and good food. His shell quality has vastly improved. He's very sweet and loves attention and hay. Tell Popcorn you love him and want to stay safe by buying a mask. Get your LOVE mask by clicking [HERE](#).

About Us

American Tortoise Rescue is a nonprofit founded in 1990 for the protection of all species of turtles and tortoises. We've rescued and rehomed more than 4,000 since our inception.

Foundlings that cannot be adopted because of ill health or trauma remain in the care of ATR for the remainder of their lives. ATR acts as a clearinghouse for information about turtle and tortoise care. We work to abolish "live market" slaughter of turtles and the cruel pet trade. Celebrate World Turtle Day® every year on May 23rd!
