BOISE, IDAHO, USA, September 16, 2020 /EINPresswire.com/ -- The Idaho US Navy Veterans Lung Cancer Advocate says, "We are appealing to the wife or adult son-daughter of a Navy Veteran who has recently been diagnosed with lung cancer in Idaho to please call the lawyers at the law firm of Karst von Oiste at 800-714-0303-if the Veteran had significant exposure to asbestos in the service prior to 1982. Financial compensation for a person like this might exceed \$100,000-even if the person smoked cigarettes. The typical person we are trying to identify is over 60 years old. The \$30 billion dollar-asbestos trust funds were set up for Navy Veterans who had significant exposure to asbestos in the navy-and who decades later develop lung cancer or mesothelioma.

"The lawyers at the law firm of Karst von Oiste have been assisting Navy Veterans with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in financial compensation for people like this. Aside from their family-if you are a friend of a 60+ year old Navy Veteran who had heavy exposure to asbestos in navy during the 1960s or 1970s-and now has lung cancer please share this press release with them and ask him or his family to call the lawyers at Karst von Oiste at 800-714-0303 anytime.
