ITU Online Releases Brand New 2020 Cisco CCNA Training

The latest course includes 47 hours of training, extensive demonstration modules and a comprehensive final practice exam.

CLEARWATER, FL, UNITED STATES, July 30, 2020 /EINPresswire.com/ -- ITU Online Training, the leaders in IT Technology Training with over 650,000 students worldwide, recently released the brand new 2020 Cisco CCNA Training Course. The latest course includes 47 hours of training, extensive demonstration modules and a comprehensive final practice exam.

IT University Online

This course was designed to prepare students to sit for the newest Cisco 2020 CCNA certification exam 200-301. Certifications such as these are valuable for new IT professionals with at least a year of experience with networks and experienced network administrators looking to validate their Cisco skills.

After taking this course, the exam tests a candidate's knowledge and skills related to network fundamentals, network access, IP connectivity, IP services, security fundamentals, and automation and programmability.

Carrie Cameron, CEO and President of ITU Online said,

"Certifications are valued more now than work experience or college degrees! In today's workforce environment taking training classes and obtaining certifications has proven to be a fast and affordable way to demonstrate skills."

The Cisco Certified Network Associate v1.0 (CCNA 200-301) exam is a 120-minute exam associated with the CCNA certification and is the first step to achieving other Cisco certifications.
