YHSGR has been in collaboration with World Harvest since 2009 and is excellently playing its part in making this world a better place.

World Harvest is a humanitarian organization that was established in 1989. The organization strives to impact the world in three ways: Community, Education, and Media Services regardless of the ethnicity and religion of the beneficiaries. Rudy L. Kusuma's home selling team, Your Home Sold Guaranteed Realty and World Harvest have hosted multiple medical camps, provided hands-on assistance in numerous disaster relief efforts, and provided food for countless citizens. Recently, in the light of the COVID-19 pandemic, the two organizations have exerted their efforts to promote hygiene and cleanliness to stop the further spread of the virus.

While talking about the efforts carried out by World Harvest in the COVID-19's regard, one of the spokespersons of the company said: "At WorldHarvest we are doing our part to stay committed to the communities we serve around the world. We are thankful for our Community Leaders for their dedication to providing resources to our sponsored children. On March 16th we began our efforts in Aceh, Indonesia by visiting 16 families of sponsored children. While visiting the families we educated them on how to wash their hands properly and provided them with posters that explain correct hand washing techniques. We distributed 144 hand soaps providing each family

The poster features a circular collage of three photographs: a woman in a blue tank top and face mask holding a red bowl, a young boy in a green shirt and yellow face mask holding a bowl, and a woman in a red shirt and blue face mask holding a baby. The text on the poster includes: 'WORLDHARVEST USA PANDEMIC RESPONSE Emergency Phase - India', 'OUR GOAL IS TO RAISE \$10,000 FOR FOOD SUPPLY BY JUNE 24, 2020', '9 million people in Mumbai (55% of the population) not only live in the slums of India but they are also hit the hardest economically. While poor people in villages can survive by farming on their land, those living in slums are not as fortunate. These India slum residents cannot farm in their small shacks they call home. When they lost their jobs, their livelihoods were decimated.', 'With the lockdown extended to the end of June 2020, the situation there is getting critical. Many people are starving, children are eating grass, and more die from hunger and suicide than the virus itself.', 'WORLDHARVEST IS URGENTLY ASKING FOR YOUR HELP. \$35 WILL FEED A FAMILY FOR 15 DAYS'.

Both the organizations are playing a significant role to curb the spread of Coronavirus!

with 8-10 soaps. Our door-to-door campaign is working towards visiting all sponsored students and educating them on the importance of adhering to cleanliness techniques to help beat COVID-19.”

The following week, the representatives extended their efforts to Tangerang/Jakarta, Indonesia. The organization distributed hand soaps to 26 communities where around 1100 children are sponsored. The representatives also organized awareness campaigns to educate the children and families about keeping their hands free of germs by hand-washing, the importance of keeping their house clean, and staying home if they are feeling sick to avoid the spread of COVID-19.
