A B2B GoodFirms is a globally renowned research, reviews, and rating platform. Its main objective is to assist the service seekers in connecting them with the top companies. The analyst team of GoodFirms conducts a scrupulous assessment which includes several metrics.

The research process integrates three key factors that are Quality, Reliability, and Ability. Each element is segregated into numerous metrics, such as verifying the complete background of every firm. The analyst team also identifies the years of experience in their specialization, online market penetration and client reviews.

Furthermore, considering the overall research process, GoodFirms provide the scores to each agency out of a total of 60. Thus, according to these points, all the firms are indexed in the catalog of top development companies, best software, most excellent marketing firms and other service providers as per their categories. Recently, GoodFirms has disclosed the new listing of [Best Video Making Software](#) indexed after evaluating several qualitative and quantitative parameters.

List of Best Video Maker Apps at GoodFirms:

BombBomb

Magisto
Advertuber
Vimeo
Renderforest
Wave.video
Animoto
VideoScribe
Vyond
VideoMakerFX

Additionally, GoodFirms encourages the service providing companies to take part in the research process and show the evidence of the work done by them. Hence, grab an opportunity to be indexed for free in the list of top companies. The firms that obtain the place at GoodFirms as per their proficiency area will get a chance to expand their business globally, get new prospects, and increase the revenue.
