

# SemaConnect Powers Up Gilbarco Veeder-Root

*Leading electric vehicle supply equipment and fuel equipment provider team up on EV charging*

BOWIE, MD., USA, August 5, 2020

[/EINPresswire.com/](https://www.einpresswire.com/) -- SemaConnect, the leading provider of electric vehicle supply equipment (EVSE) to the North American commercial property market, has partnered with Gilbarco Veeder-Root, global leader in fueling systems, to launch a new solution for commercial fueling. Now, fleet operators and fuel stations can purchase the [Amps2Go](#) smart Level 2 charging station from Gilbarco Veeder-Root, which is powered by SemaConnect equipment.

SemaConnect's smart networked EV charging stations support the next generation of electric fleet vehicles.

The Amps2Go charging station uses SemaConnect's [Series 6](#) technology to provide [smart charging capabilities](#). With a slim, timeless build, interactive LED lights, and wireless connectivity, the Amps2Go charger will support Gilbarco Veeder-Root customers with an exceptional charging solution. The easy-to-use charging stations support all EV drivers, with interoperability with leading driver apps and the ability to start a charge via smart card, mobile application, or automated phone system. The new Amps2Go stations feature the J-1772 connector, which is compatible with all plug-in electric vehicles in North America including Tesla, Rivian, Ford, and General Motors.

“

As fleets go electric, smart charging infrastructure is critical to fleet charging. SemaConnect and Gilbarco Veeder-Root will be ready to help them charge.”

*Mahi Reddy, CEO at  
SemaConnect*

“Our extensive research shows that many customers,

particularly in the C&I and fleet markets would greatly benefit from the Amps2Go product, as it acts as a perfect complement to our DC fast charging products and addresses important customer use cases,” said Deepesh Nayanar, head of e-mobility at Gilbarco Veeder-Root. “We are

really excited about partnering with SemaConnect who bring with them smart technology and a strong track record in the Level 2 space.”

“We’re excited to partner with Gilbarco Veeder-Root on the new Amps2Go program for Level 2 charging,” said Mahi Reddy, CEO at SemaConnect. “Over the next ten years as more drivers buy electric vehicles, more fuel stations will need EV charging stations. And as fleets go electric, smart charging infrastructure is critical to fleet charging. SemaConnect and Gilbarco Veeder-Root will be ready to help them charge.”

“Not only are drivers replacing their personal vehicles, but companies are also converting their fleets,” said Mark Pastrone, COO at SemaConnect. “Gilbarco Veeder-Root is perfectly positioned to help electric fleets boost their efficiency and charge at night. We’re honored to support the next generation of fleets.”
