

# Apollos University Helps Professionals Complete their Degrees and Certificates

*Apollos University can help you finish your degrees in Business and Information Technology by transferring credits from your previous institution(s).*

GREAT FALLS, MONTANA, UNITED STATES, August 10, 2020 /EINPresswire.com/ -- [Apollos University](#) is an academic institution of higher learning that is dedicated to improving lives, to serving the local and global community, and to providing the highest quality education at an affordable tuition rate for students who seek to increase their career advancement opportunities and enhance their leadership skills. Our programs are built on a foundation of knowledge transfer, application of knowledge, critical thinking, and research skills. Apollos' programs are offered worldwide through an online, distance learning methodology designed to meet the needs of the global student while providing individualized service to our students.

Dr. Scott Eidson

Dr. Paul Eidson stated, "Sometimes life gets in the way of our plans. Do you have college credits? Did you start a degree program in business, leadership, or information technology and not complete it? If so, contact us and let us help you reach your academic goal."

Apollos University can review your previous college transcripts and can potentially transfer up to 54 out of 60 credits for the AAS in Business, 108 out of 120 credits for the BSBA and BSIT, 28 out of 37 credits for the MBA and MSOM, and 25 out of 61 credits for the Doctor of Business Administration.

Apollos is truly one of the most affordable Universities in the USA. [Compare our tuition rates](#) against any other college or university and see for yourself how we compare. In addition to the low tuition rates, once the student signs the Program Enrollment Agreement, the rates will not

increase for that student even if Apollos raises its rates. The student pays the same tuition rates throughout his/her academic career at Apollos as long as the student remains in good Academic and Administrative standing,

Apollos University also provides textbooks and proctor exams without any cost to the student; this is a huge savings on top of the low tuition rates. Additionally, Apollos University also offers payment plans that help students manage their budgets so they can accomplish their goals.

If you are a [Veteran](#), Apollos University

is also approved to teach Veterans and their families. Dr. George Conley Jr. and Dr. Paul Eidson are retired military and manage the Veteran program at Apollos. Having firsthand knowledge of the military and Veteran benefits, both understand your needs and will work with you

throughout the program. They can be reached at 1-406-799-1515 or [info@apollos.edu](mailto:info@apollos.edu).

“

Do you have college credits? Did you start a degree program in business, leadership, or information technology and not complete it? If so, contact us and let us help you reach your academic goal.”

*Dr. Scott Eidson*

This is what our students and graduates say about our programs, tuition, and dedicated faculty/staff.

Babak Akbar-Khazadeh, MBA: "Upon graduating from Apollos my employer gave me a sizeable raise. Within 6 months they also created a position to promote me and gave me another raise, largely due to the benefits to the organization from my dissertation. I was also given multiple international travel opportunities at work to

evaluate our overseas operations, author reports, and implement my recommendations. My employer is a market leader who has used my research to set strategic global direction. My success since graduating is a reflection of the interaction and mentoring. I would like to thank the wonderful staff and administration for their caring and hard work. It is greatly appreciated."

Michael Edwards, MSOM Student: "So far Apollos has been fantastic. From the instructors, to the administration, to the support staff -- everyone has been supremely helpful. College can be stressful, but Apollos really has mitigated that stress to a great degree while providing an excellent education. I could not be happier with my choice in schools and I am looking forward to

Dr. Margaret Curlew

my next class!"

Dr. Jae Maloney, DBA: "Upon graduating from Apollos my employer gave me a sizeable raise. Within 6 months they also created a position to promote me and gave me another raise, largely due to the benefits to the organization from my dissertation. I was also given multiple international travel opportunities at work to evaluate our overseas operations, author reports, and implement my recommendations. My employer is a market leader who has used my research to set strategic global direction. My success since graduating is a reflection of the interaction and mentoring, I received from staff and fellow students."
