This report covers market characteristics, size and growth, segmentation, regional breakdowns, competitive landscape, market shares, trends and strategies

PUNE, MAHARASTRA, INDIA, August 10, 2020 /EINPresswire.com/ -- This report focuses on the global [Landscaping and Gardening Services](#) status, future forecast, growth opportunity, key market and key players. The study objectives are to present the Landscaping and Gardening Services development in United States, Europe and China.

Landscaping and Gardening Services are services that involve the art and technology of landscape and garden project planning, construction and landscape management, and maintenance and gardening; for garden aesthetics, human enjoyment and safety, and ecosystem-plant community sustainability.

Gardening ranges in scale from fruit orchards, to long boulevard plantings with one or more different types of shrubs, trees, and herbaceous plants, to residential yards including lawns and foundation plantings, to plants in large or small containers grown inside or outside. Gardening may be very specialized, with only one type of plant grown, or involve a large number of different plants termed mixed plantings. It involves an active participation in the growing of plants, and tends to be labor-intensive differentiating it from farming or forestry.

In 2017, the global Landscaping and Gardening Services market size was xx million US\$ and it is expected to reach xx million US\$ by the end of 2025, with a CAGR of xx% during 2018-2025.
