

TAcc+ International Program can be the first step for developing your business in Taiwan

UTRECHT REGION, THE NETHERLANDS, August 10, 2020 /EINPresswire.com/ -- TAcc+ is an international accelerator organized by Taiwan's Small and Medium Enterprise Administration, Ministry of Economic Affairs. It aims to recruit international small and medium sized businesses to join Taiwan's booming startup ecosystem, and to facilitate and support the cooperation between international startups and Taiwan's industries.

Taiwan Accelerator Plus International Program Webinar

Taiwan is an ideal place to start your international business. It has a robust tech industry that is highly interested in working with new innovations from startups, a strong supply chain, and high manufacturing capabilities. Taiwan's governance environment has consistently ranked high internationally in terms of its transparency. TAcc+'s International Program can be your first step in developing a new chapter of your business in Taiwan.

The International Program is an initiative with both an online and an offline component, with the purpose to connect international startups with the industry and business opportunities in Taiwan, particularly in the healthcare and IoT sectors.

The online component consists of a four-part webinar series, where leaders and insiders from Taiwan's healthcare industries and manufacturing supply chain will share their insight on industry demand, market gaps, and the best practices for collaboration. The webinars will take place on 4 consecutive Fridays: 8/14, 8/21, 8/28, and 9/04, and will always occur on NL time 10:00-12:00 (GMT+2), TW time 16:00-18:00 (GMT+8). For more information on the webinars and to register, please follow this link:
