"Turning Visions Into Reality For Global Impact" Ademola Borode"

Ademola Borode

Dr Borode writes to let us see from a biblical point of view how we must take responsibility for our actions and for some of the problems in our lives, instead of casting the

blame on others or the Devil as most people usually do. This is because we are the ones who must face and answer for the repercussions of things we do before God and Man.

This book answers important questions as:

- * Is every negative thing which happens in our life completely a result of the Devil's activities or do God and ourselves have a part to play in them?
- * What should we do to make the best of our time on planet earth?
- * How can we make the maximum impact on this earth based on Godly principles?
- * How can you avoid and overcome some of the pitfalls that keep people from living a purpose-driven and fulfilled life on earth?

THAT'S NOT HIS FAULT: A DOWN TO EARTH APPROACH FOR PURPOSEFUL LIVING should be on the bookshelf of every person, whether Christian or Non-Christian. It is available at leading booksellers and Christian bookstores all over the world including Amazon as an E-book and in Paperback formats via
