

Apolis and Linktech Announce Strategic Joint Venture to Collaborate in North America SAP Market

"Global IT Consultancy, Apolis, partners with Linktech's premier Mexico-based SAP Practice in a strategic joint venture in North America"

EL SEGUNDO, CALIFORNIA, UNITED STATES, August 18, 2020 /EINPresswire.com/ -- Apolis and Linktech are pleased to announce they have entered a strategic venture, combining Apolis strong next-gen technology consulting practice in the US with Linktech's premier Mexico-based SAP Practice.

As a result of the growing demand for more SAP and S/4 HANA implementations, this partnership brings together two firms with deep expertise in SAP solutions and capabilities including S/4 HANA implementation and migration, HCM transformation through SAP SuccessFactors, Embedded Analytics and much more. Clients can now look forward to functional and technical consulting, implementation, application maintenance & support, change management, and other strategic advisory services within the SAP ecosystem. By enabling nearshore, onshore, and offshore delivery models, this joint venture will enable Apolis and Linktech to serve the technology demands for their existing and future clients with more flexibility. Apolis's clients will now have access to Linktech's industry specific SAP solutions, intellectual property, and trusted methodologies that have benefited many clients in the past. For Linktech, this joint venture allows them to expand their operations within the United States and benefit from Apolis's world-class offshore delivery operations in Noida, India.

"After years of partnership and collaboration, we are proud to join forces with LinkTech – combining our large-scale IT services business, leading-edge technology and market insights in the U.S. with their unparalleled capabilities and unique Intellectual Properties' in the SAP platform and technology." said Sean Mani, President of Apolis. "Together, we are elevating the scale and depth of our capabilities and enhancing the customer experience for our North America clients to be more seamless and personalized as they embark on digital transformations through SAP's platform and applications."
