

SMi's Pharmaceutical Microbiology East Coast Conference - A Virtual Conference with Remote Access Only

SMi Reports: Due to travel restrictions the conference and workshops have transformed it into a virtual-remote online access event on October 28 and 29 2020.

BOSTON, MA, UNITED STATES, August 12, 2020 /EINPresswire.com/ -- SMi's 3rd Annual [Pharmaceutical Microbiology Conference](#) will no longer take place in Boston. Instead, the conference taking place on October 28 and 29, 2020 will open its doors to a global audience by making the event virtual access only.

The conference is proudly chaired by Lynne Ensor, Vice President, Technical, Parexel International as a 21-year veteran of the FDA, her areas of expertise include biopharmaceutical sterile product manufacturing and testing, pharmaceutical microbiology, pharmacy compounding, and regulatory policy development. She served as the Deputy Director (Acting) in the Office of Process and Facilities (OPF)/OPQ/CDER, responsible for new, generic, and biologic drug product quality review and facility assessment. Her previous FDA management positions include serving as the Director of the OPF's Division of Microbiology Assessment, Director of the OPS's New and Generic Drug Product Quality Microbiology staff, and Director of OGD's Division of Microbiology. Lynne was previously employed at Roche Biomedical Laboratories, the University of Maryland at Baltimore's School of Medicine, and earned her B.S. in Biology and Ph.D. in Microbiology from the University of Maryland, College Park.

Lynne will chair the [2-day conference](#) and also speaking on day one on Microbiological Quality Considerations in Non-Sterile Pharmaceutical Manufacture and Control of BCC.

[Key sessions](#) include:

- Evaluating the ongoing Complications of Personnel Derived Contaminations
- Container Closure Integrity Evaluation: USP Perspective

- A Sustainable, Ecological and Efficient rFC Endotoxin Testing Solution
- Recent Advances and New Developments in Mycoplasma Control of Blood-derived Medicinal Products
- Container Closure Integrity and Controls Strategies Ensuring Product Sterility
- Monocyte Activation Test: The In-vitro Pyrogen Test Based on Human Immune Cells for Batch Release Testing of Medical Products
- Mycoplasma Testing: Past, Current, and Future State
- Culturing Contamination Prevention - Building a Sustainable Microbial Control Program from the Ground Up
- Global Impact Assessment Process for Aseptic Process Simulations

To view the full 2-day agenda and full speaker line-up, download the brochure from www.microbiologyeastcoast.com/PR8

There are two sponsor led interactive workshops taking place on Friday October 30, 2020 at the Sheraton Boston hotel, USA. The two workshops are on:

Workshop A - Recombinant chromogenic assay as alternate methods for the bacterial endotoxins test (bet).

Workshop B- Mycoplasma testing by anyone, anywhere and anytime!

Interested in joining you can register your place for US\$499 for conference and US\$299 for the workshops www.microbiologyeastcoast.com/PR8

Sponsored by: Associates of Cape Cod, bioMérieux, Bioscience International, C.T.L. MAT, LONZA, Microbiologics, Millipore Sigma
