

New Hampshire US Navy Veterans Lung Cancer Advocate Urges a Navy Veteran with Lung Cancer in New Hampshire or their Family to Call the Lawyers at Karst von Oiste About Compensation-If He Was Exposed to Asbestos

MANCHESTER, NEW HAMPSHIRE, USA,
September 29, 2020 /

EINPresswire.com/ -- The New Hampshire US Navy Veterans Lung Cancer Advocate is urging the wife or adult son-daughter of a Navy Veteran with lung cancer to please call the lawyers at the law firm of Karst von Oiste if the Veteran had significant exposure to asbestos on a navy ship or submarine. Financial compensation for a person like this might exceed a hundred thousand dollars-even if the Veteran smoked cigarettes. The age for a Navy Veteran with lung cancer who

also had heavy exposure to asbestos is typically over 60 years old. Most people like this do not realize to \$30 billion dollar-asbestos trust funds were set up for them too. For direct access to the lawyers at the law firm of Karst von Oiste please call 800-714-0303.

The Advocate says, "Because a Navy Veteran who decades ago had heavy asbestos exposure and now has lung cancer is so sick-we are appealing to his wife or adult son-daughter to please call the lawyers at the law firm of Karst von Oiste about financial compensation. As mentioned, compensation like this might exceed a \$100,000 and the financial claim does not involve suing the navy. If this sounds like you or your loved one, please call the lawyers at the law firm of Karst

von Oiste at 800-714-0303."

"The Advocate is urging the family of a Navy Veteran with lung cancer to call the lawyers at the law firm of Karst von Oiste if the Veteran had exposure to asbestos on a navy ship or submarine."

*New Hampshire US Navy
Veterans Lung Cancer
Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers.

<https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware.

However, asbestos exposure lung cancer can happen in any state including California, New York,

Texas, Florida, Massachusetts, Connecticut, Pennsylvania, New Jersey, Illinois, Wisconsin, Minnesota, Nebraska, New Mexico, North Dakota, Wyoming, Utah, Montana, Idaho, Arizona, Washington, Oregon or Alaska.
