

# Fitness Knows No Age Limit with Body Charger Fitness

*Recumbent IEStep is the ideal elliptical machine for seniors, and is equipped with a user-friendly platform for tracking progress over time*

CHANGHUA COUNTY, TAIWAN, August 17, 2020 /EINPresswire.com/ -- Body Charger [Fitness](#) is a fitness equipment provider aiming to inspire individuals in elder [exercise](#), physical therapy, and cardiac rehabilitation, and features inclusive wellness requirements. It is

an innovative health care company that provides seniors with senior-friendly and low-impact activities to help them stay active and raise their endurance. Body Charger Fitness will be launching their new product, Recumbent [IEStep](#) at the upcoming 2020 Medica event. The

showcase will be held at 2020 Medica Convention Center Düsseldorf between Nov 16 - Nov 19 (booth will be determined).

“

Our mission is to create the fitness equipment for people of all ages to get moving, stay active and fulfill their life quality.”

*Hank Hsu, Founder of Body Charger Fitness*

Recumbent IEStep is the ideal elliptical machine for seniors, and is equipped with a user-friendly platform for tracking progress over time. By supporting them in longer exercise, it aims to make healthy aging societies that are cohesive, peaceful, and sustainable. Recumbent IEStep is a new patented technology to make workout energy reflect

on the fitness equipment in a timely manner.

Body Charger Fitness is dedicated to creating fitness equipment so that people of all ages may get moving, stay active and improve their quality of life, and sees a tremendous opportunity in elder wellness. The percentage of the population ages 65 and above is projected to jump to nearly 17 percent of the world's population by 2050, and Body Charger Fitness can provide the perfect solution to staying motivated and for seeing positive results. The recent growth of the aging population and focus on health literacy will be beneficial to Body Charger Fitness, as they aim to provide a complete wellness solution towards a healthy lifestyle.
