

# Defence Safety 2020 Will Now Take Place as a Virtual Conference

*Due to the ongoing challenges surrounding COVID-19 and large public gatherings, October's Defence Safety conference will now run as a virtual event.*

LONDON, UNITED KINGDOM, August 17, 2020 /EINPresswire.com/ -- With the continued uncertainty surrounding large gatherings in the UK, SMi Group have made the decision to turn the [Defence Safety Conference](#) on the 5th - 6th October 2020 into a fully interactive virtual meeting.

All attendance by military and government will be free of charge and other delegates can join for only £999. Register online at <http://www.defencesafety.com/EINpr6>

The poster for the Defence Safety Conference 2020 features a central globe composed of various military and defense-related images. The text is as follows:

**SMi**

## Defence Safety Conference

5th - 6th October 2020, London, UK

Supported by  
The Defence Safety Authority,  
UK MOD

Defence Safety Authority

Defence Safety Conference 2020

This means the conference will go ahead as planned, with the full support of its speakers, sponsors and delegates, but will run live and online only on the SMi Virtual Conference Platform.

Benefits of SMi Group's Virtual Conference Platform:

- Live and On-Demand speaker content: Get online access to the latest strategies and case studies from your market
- Network with all event attendees: Connect with delegates, speakers and sponsors in real-time and have your queries answered instantly
- Exhibit & Visit a Virtual Booth: Set up your customized booth full of brochures, videos, and presentations
- Host/Join Meetings & Socials: Join preferred speaking sessions, host your own meetings and

even host virtual networking socials with the inbuilt Zoom functionality

The brochure including the full speaker line-up and programme details is available to download online at <http://www.defencesafety.com/EINpr6>

Defence Safety Virtual Conference 2020 will be an online meeting point for military and industry representatives across the land, air and maritime domains to discuss and explore the safe delivery of defence capabilities across the spectrum.

--- END ---
