

Synergist JV awarded a 3-year BPA with the Department of Homeland Security Federal Emergency Management Agency

Beating out 3 other bidders, Synergist JV was awarded a 3-year single-award BPA with the Department of Homeland Security Federal Emergency Management Agency.

RESTON, VA, USA, August 21, 2020 /EINPresswire.com/ -- [TIAG](#)—an innovative company providing strategic, transformational solutions to private industry and across the Department of Defense—is proud to announce its Mentor-Protégé joint-venture with [Saliense](#), [SynergisT JV](#), was awarded a 3-year single-award BPA with the Department of Homeland Security Federal Emergency Management Agency (FEMA).

SynergisTJV

SynergisT JV is a Mentor-Protégé Joint Venture formed by Saliense and TIAG. Our customers choose us because we understand the role of technology and the impact it can have on their business. They keep us because we deliver value beyond the scope.

“

Our objective is to ensure FEMA has the support and tools they need to execute their mission to protect the health and safety of the American people with agility, adaptability, and ingenuity.”

Umang Modi, TIAG Managing Principal and Chief Strategy Officer

SynergisT JV will provide a wide range of cybersecurity and information technology (IT) support to FEMA. Ensuring their information systems are protected, secured, and available at all times; SynergisT JV will assist FEMA by providing technical leadership to deliver enterprise-wide cybersecurity, cyberdefense, and cybersystems engineering.

“We are honored to support FEMA and their mission. Our specialists are highly trained and bring decades of real-world experience,” shares TIAG Managing Principal and Chief Strategy Officer, Umang Modi, “Agility, adaptability,

ingenuity, and integrity are inherent in all our processes and services. Our objective is to make sure FEMA has the support and tools they need to execute their mission to protect the health and safety of the American people.”

Up to 47 talented experts will be hired to support this program and provide consultative support to FEMA's Information Systems Security Officer around cybersecurity infrastructure design, development, and training with an emphasis on cloud migration strategies and supply chain logistics. This includes providing security authorization services (ISSO, ISSE) and comprehensive RMF accreditation and packages.

"As part of this program, SynergisT JV will serve an instrumental role in FEMA's COVID-19 response by helping support and secure the supply chain," shares Saliense President and CEO, Nikita Singh, "We are confident our innovative processes and continuous record of successes in directly leading critical program initiatives will be an asset to FEMA."
