[Lastminutes.deals](#) issued a summary of the European capital which took the strongest hit and now offer the best last minute hotel deals. Where to get the best quality to price value?

Last Minute Hotels

Hoteliers around the world, and especially so in Europe, are now trying to attract visitors by offering them lower prices, special conditions and other benefits to lure them into booking. The promotions are directly proportional to the losses they incurred during the peak of the coronavirus situation. This means that by studying the graphs which show the percentage change in revenue per available room, we can discover which capitals in Europe offer the highest discounts.
