

# Pennsylvania US Navy Veterans Lung Cancer Advocate Has Endorsed the Lawyers at Karst von Oiste to Make Certain a Navy Veteran with Lung Cancer in Pennsylvania Gets Compensated-If He had Asbestos Exposure in the Navy

PITTSBURGH , PENNSYLVANIA , USA, October 7, 2020 /EINPresswire.com/ -- The Pennsylvania US Navy Veterans Lung Cancer Advocate says, "We have endorsed and we recommend the lawyers at the law firm of Karst von Oiste to be the go to lawyers for a Navy Veteran with lung cancer in Pennsylvania-who had significant exposure to asbestos in the navy prior to 1982. A financial compensation claim for a person like this might be over \$100,000 and the claim does not involve suing the navy. The typical person we are trying to identify is over 60 years old and it does not matter if they smoked cigarettes or not. For direct access to the lawyers at Karst von Oiste please call 800-714-0303. We think a person like this will be glad they did.

"Because of the age of a person like this and because they are sick-we are urging the wife or adult son-daughter to share our press release with their loved one and to call the lawyers at Karst von Oiste at 800-714-0303. The lawyers at the law firm of Karst von Oiste have been helping Navy Veterans and people like this for decades and they are responsible for over a billion dollars in compensation results for their clients. We know that because of the Coronavirus Navy Veterans who have lung cancer-and who had heavy exposure to asbestos may not want to pursue compensation. Please don't make this mistake." The Pennsylvania US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Philadelphia, Pittsburgh, Allentown, Eire, Upper Darby, Reading, Scranton, Bethlehem or anywhere in Pennsylvania.

<https://Pennsylvania.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Pennsylvania include US Navy Veterans, power plant workers, shipyard workers at the Philadelphia Navy Yard, oil refinery workers, steel mill workers, coal miners, manufacturing workers, public utility workers, plumbers, electricians, auto mechanics, welders, millwrights, insulators, machinists, or construction workers. Typically, the person's exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

"We have endorsed the lawyers at the law firm of Karst von Oiste to be the go to lawyers for a Navy Veteran with lung cancer in Pennsylvania-who had significant exposure to asbestos in the navy."

*Pennsylvania US Navy  
Veterans Lung Cancer  
Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. [www.karstvonoste.com/](http://www.karstvonoste.com/)

For more information about asbestos exposure please visit the NIH's website on this topic:
