

Toprosan™ To Protect & Sanitize - The Sanitizer Company announces brand name in the fight against corona virus

*Toprosan™ To Protect & Sanitize
www.Sanitizer.CO - The Sanitizer
Company introduces the FDA approved
liquid dynamite against the virus.*

PALM SPRINGS, CALIFORNIA, US,
August 25, 2020 /EINPresswire.com/ --
[The Sanitizer Company](http://www.Sanitizer.CO) -
www.Sanitizer.CO introduces its 2020
Toprosan™ brand. The all-new
Toprosan™ brand is "To Protects &
Sanitize." The Toprosan™ product line
includes 75% alcohol liquid [sanitizer](http://www.Sanitizer.CO),
moisturizing lotion and moisturizing
scented essential oils. Toprosan™
products use plant-based, carbon
neutral, natural, organic ingredients.
Separate announcements for each
Toprosan™ product are planned for
September.

The Toprosan™ brand began with its
75% Alcohol Liquid Sanitizer. It kills all
known viruses, bacteria and fungi. If
your sanitizer doesn't say it can do this,
it means you're probably not protected
and are using an inferior product.
Made of 75% ethyl alcohol in an FDA
approved facility - using FDA
guidelines, FDA formula, listed as
approved on the FDA website and on
the National Drug Code Website
Toprosan™ is safe, clean and pure.

Toprosan™ 75% Alcohol Liquid Sanitizer

The Sanitizer Company - www.Sanitizer.CO

"The announcement of our new Toprosan™ brand comes shortly after the FDA warnings about the use of methanol. Toprosan™ does not contain methanol. It is made with ethyl alcohol; approved by the FDA."

The Toprosan™ brand was created to help fight the corona virus spread in the Coachella Valley. To date, www.Sanitizer.CO has donated hundreds of bottles of its dynamite sanitizer to the homeless population of Riverside County. Their goal is to help supply approved sanitizer to Los Angeles and California's Coachella Valley; Palm Springs, Palm Desert, Indio, La Quinta, Cathedral City, Rancho Mirage, Desert Hot Springs and beyond.

The Sanitizer Company Mission is to kill the corona virus. Toprosan™ liquid spray is pure, clean, fresh and dries fast. It can be used on people and surfaces. When used as directed it will kill all known viruses, bacteria and fungi to stop the spread of contagious infections. Concerned about

“
