

# Texas US Navy Veterans Lung Cancer Advocate Has Endorsed the Lawyers at Karst von Oiste to Ensure A Navy Veteran with Lung Cancer in Texas Gets Compensated-If He had Asbestos Exposure in the Navy-it Might Exceed \$100,000

EL PASO, TEXAS, USA, October 16, 2020

[/EINPresswire.com/](https://EINPresswire.com/) -- The Texas US Navy Veterans Lung Cancer Advocate says, "We have endorsed and we strongly recommend the lawyers at the law firm of Karst von Oiste to make certain a Navy Veteran who has lung cancer in Texas gets compensated-if they had heavy asbestos exposure on a navy ship, submarine or at a navy shipyard. Compensation for a person like this might exceed \$100,000 and the compensation claim does not involve suing the navy. The typical Veteran we are attempting to identify is over 60 years old, he has lung cancer and he never realized the \$30 billion dollar--asbestos trust funds were set up for him too. For direct access to the lawyers at Karst von Oiste a Navy Veteran like this or their family are urged to call 800-714-0303-we think you will be glad you did.

"We are appealing to the friends of a Navy Veteran with lung cancer in Texas-who also had significant exposure to asbestos in the navy in the 1960s or 1970s to please ask the Veteran's wife or family to call the lawyers at Karst von Oiste. The lawyers at the Texas based law firm of Karst von Oiste have been assisting people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars in compensation results for people like this. For direct access to the lawyers at Karst von Oiste please call 800-714-

The Texas US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Houston, Dallas, San Antonio, Austin, El Paso, Fort Worth, Corpus Christi, Plano, Laredo, Arlington or anywhere in Texas. <https://Texas.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Texas include Veterans of the US Navy, a civilian employee at Ford Hood, Fort Bliss or Lakeland Air Force Base, a power plant worker at one of Texas's dozens of nuclear or conventional power plants, an oil refinery worker at one of Texas's numerous oil refineries, oil rig workers, chemical plant workers, shipyard workers, factory workers, public utility workers, plumbers, electricians, auto mechanics, welders, millwrights, insulators, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

“

"We are urging the family of a Navy Veteran with lung cancer in Texas-who had asbestos exposure in the navy to ask the Veteran's wife or family to call the lawyers at Karst von Oiste at 800-714-0303."

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad

fact." <https://USNavyLungCancer.Com>

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers.

<https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware.
