

Registration is now open for the Pre-filled Syringes and Injectable devices Conference 2021

SMi Reports: Registration is open for SMi Group's 13th annual conference and exhibition taking place in January 2021.

LONDON, KENSINGTON, UNITED KINGDOM, September 2, 2020 /EINPresswire.com/ -- The [pre-filled syringes](#) industry is growing at an exponential rate. With increasing demand for self-administration, a rise in biologics, large-volume delivery and the delayed EU MDR at the forefront of the field, SMi's 13th annual event will bring you the key insights you need to grow and enhance your pre-filled syringes portfolio and discover what the future holds for the PFS and combination products industry.

Topics of discussion will include the latest updates on the EU MDR and Article 117, advances in novel drug products and biologics, parenteral packaging for pre-filled syringes, innovations in device design and platforms for combination products, lifecycle management and much more...

This two-day agenda offers you peer-to-peer networking with Global Product Managers, Senior Pre-Filled Syringes Engineers, Device Testing Managers, Heads of Late-Stage Pre-Filled Syringes Development, Head of Medical Affairs, Senior Director – Combination Products & Medical Devices, Global Regulatory Affairs, Quality Assurance Manager Combination Products, Senior Pharmaceutical Assessor and many more.

View the full agenda and speaker line-up online: <http://www.pre-filled-syringes.com/einpr1>

BENEFITS OF ATTENDING:

- Engage with senior industry opinion leaders presenting their experiences and case studies in innovative device design and advanced drug product formulation
- Gain insights from notified body and competent authority representatives addressing key
