

# Blackhawk Floors Completes 18 Years in Business

*One of the nation's best in hardwood flooring has reached a new milestone.*

SCOTTSDALE, ARIZONA, UNITED STATES, September 4, 2020 /EINPresswire.com/ -- According to the Small Business Association (SBA) (<https://www.sba.gov/>), more than 6.5 million businesses are launched every year, but only a handful enjoy long-term success. In fact, more than 50 percent fail within five years of business, and 70 percent fail by the 10th year. But thanks to hard work, dedication, and commitment to customer service, [Blackhawk Floors, Inc.](#) is celebrating 18 years in business.

"We consider it an honor and privilege to serve our customers for the past 18 years," said Jason Elquest, owner and spokesperson for Blackhawk Floors.

As to how the company was started, Jason Elquest and Michelle Elquest decided that they could do it better and decided to develop their own hardwood flooring business.

Blackhawk Floors prides itself on its commitment to providing superior workmanship at competitive prices. From custom wood flooring installation and finishing of solid floors to pre-finished wood floors, Blackhawk Floors has always been the leader.

The company is recognized by National Wood Flooring Association Certified Installer, National Wood Flooring Association Certified Sand & Finisher, and the National Wood Flooring Association Certified Wood Flooring Inspector.

Blackhawk Floors' in-house wood mill shop allows it to create custom moldings, transitions, treads, risers, curves, borders, designs, and more. In addition, Blackhawk Floors provides all clients with highly trained in-house personnel.

"Quality is assured because we do 100 percent of the work – we don't use subcontractors," Elquest said. "We are so excited about what the future holds. We are certain that the best is yet to come."
