Cashmere clothing is made from cashmere and cashmere yarn, including various sweaters, coats, trousers and other garments.

China is the world's largest supplier of raw materials, accounting for about 70% of cashmere in the world, while Italy is China's largest export destination, in April 2017; Italy imported 98 tons of cashmere from China, Account 78% of the month's exports.

China is also the largest consumption market, due to the rapid growth of the national economy as well as people's gradual improvement of life quality. Many famous brands have targeted in the region, like Loro Piana and Brunello Cucinelli. Although China is the largest cashmere garment manufacturer in the world, its own brand market share is very low. Most of them exist as OEM. This has led to the local enterprises in China at the bottom of the interests of the value chain for a long time.

United States also plays an important role in the global cashmere clothing industry. In 2016, the country consumed about 3.5 million units, holding more than 19% share globally.

Asia region is the major manufacturing bases due to the low labor cost and material cost. Most famous brands have their plants or cooperative manufacturers in the region. In addition, when considering the whole industry market value, the fashion luxury cashmere clothing market is relatively concentrated, the top 20 manufacturers account for more than 50% share.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Cashmere Clothing 3900 market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling

business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Cashmere Clothing 3900 industry.
