

# Utah US Navy Veterans Lung Cancer Advocate Appeals to the Family of a Navy Veteran with Lung Cancer in Utah to Call The Lawyers at Karst von Oiste About Compensation-If He Had Asbestos Exposure in the Navy

SALT LAKE CITY, UTAH, USA, October 21, 2020 /EINPresswire.com/ -- The Utah US Navy Veterans Lung Cancer Advocate says, "If your dad or husband is a Navy Veteran over 60 years old and he has recently been diagnosed with lung cancer-and he had significant exposure to asbestos in the navy prior to 1982 on a ship, submarine or a shipyard please call the lawyers at the law firm of Karst von Oiste at 800-714-0303. A financial compensation settlement for a person like this might exceed \$100,000 and the claim does not involve suing the navy. Also-it does not matter if the person smoked cigarettes.

"What most Navy Veterans with lung cancer do not realize is the \$30 billion dollar-asbestos trust funds were set up for them too-if the person had significant exposure to asbestos in the service. If you are a member of the American Legion or VFW and this sounds like a friend-please tell his wife or family to call the lawyers at Karst von Oiste at 800-714-0303 to discuss possible compensation. For a career Navy Veteran like this the compensation might

be in the hundreds of thousands of dollars."

High-risk work groups for exposure to asbestos in Utah include US Navy Veterans, a civilian employee at Hill Air Force Base, a worker at one of Utah's dozen+ power plants, oil refinery workers, public utility workers, plumbers, electricians, auto mechanics, welders, insulators, machinists, or construction workers. In most instances, a diagnosed person with mesothelioma was exposed to asbestos in the 1950's, 1960's, 1970's, or 1980's. [www.karstvonoiste.com](http://www.karstvonoiste.com)

"If you belong to the American Legion or VFW and this sounds like a friend-please tell his wife or family to call the lawyers at Karst von Oiste at 800-714-0303 to discuss possible compensation. "

*Utah US Navy Veterans Lung Cancer Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include

Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)
