

# Arizona US Navy Veterans Lung Cancer Advocate Has Endorsed the Lawyers at Karst von Oiste to Ensure a Navy Veteran with Lung Cancer in Arizona Gets the Best Compensation Results-If He Had Asbestos Exposure in the Navy

PHOENIX , ARIZONA , USA, October 22, 2020 /EINPresswire.com/ -- The Arizona US Navy Veterans Lung Cancer Advocate has endorsed the remarkable lawyers at the law firm of Karst von Oiste to ensure a Navy Veteran with lung cancer anywhere in Arizona gets what might be significant financial compensation-if they had heavy exposure to asbestos in the navy. Financial compensation for a person like this might exceed \$100,000 and the financial compensation claim does not involve suing the navy. The typical person the Advocate is attempting to identify is over 60 years old and their asbestos exposure took place in prior to 1982. For more information please call the lawyers at Karst von Oiste at 800-714-0303. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

The Advocate says, "Because of the Coronavirus many Navy Veterans with lung cancer-and who had heavy exposure to asbestos in the service will not pursue compensation. For this reason, we are appealing to their wife or adult son-daughter to please call the lawyers at the law firm of Karst von Oiste anytime at 800-714-0303. The compensation process is not complicated, the lawyers do almost all of the work-and this is worth your time-if this sounds like you or your loved one." [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

The US Navy Veterans Lung Cancer Advocate is offering to assist people with asbestos exposure lung cancer in Phoenix, Tucson, Mesa, Chandler, Glendale, Gilbert, Tempe, Peoria, Prescott or anywhere in Arizona. [www.karstvoniste.com/](http://www.karstvoniste.com/)

Individuals in the state of Arizona could have been exposed to asbestos while working at a power plant, at an industrial facility, at a steel mill, at an automobile manufacturing facility, at a chemical plant, as a plumber, a boiler technician, as an auto repairman, as an electrician, or in the construction industry. In most cases, the exposure to asbestos caused mesothelioma at one of these types of workplaces and the exposure took place in the 1950's, 1960's, 1970's, or 1980's. Mesothelioma or asbestos exposure lung cancer typically takes three to five decades to appear. <https://Arizona.USNavyLungCancer.Com>

"The Advocate has endorsed the lawyers at the law firm of Karst von Oiste to ensure a Navy Veteran with lung cancer in Arizona gets what may be significant compensation-if they had asbestos exposure."

*Arizona US Navy Veterans  
Lung Cancer Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. However, there are people with asbestos exposure lung cancer

in Arizona. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)

For more information about asbestos exposure lung cancer and mesothelioma please visit the American Lung Association's website on this topic:
