Cold Chain Logistics is a temperature-controlled and transportation supply chain. Cold chain logistics is vital for the safe and sanitary delivery of temperature sensitive items.

Cold Chain is a network of refrigerators, cold stores, freezers and cold boxes organized and maintained so that products are kept at the right temperature to remain fresh in transportation, storage and distribution from factory to the point of use.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting

to be felt, and will significantly affect the Cold Chain Logistics market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Cold Chain Logistics industry.

With industry-standard accuracy in analysis and high data integrity, the report makes a brilliant attempt to unveil key opportunities available in the global Cold Chain Logistics market to help players in achieving a strong market position. Buyers of the report can access verified and reliable market forecasts, including those for the overall size of the global Cold Chain Logistics market in terms of revenue.

Players, stakeholders, and other participants in the global Cold Chain Logistics market will be able to gain the upper hand as they use the report as a powerful resource. For this version of the report, the segmental analysis focuses on revenue and forecast by each application segment in terms of revenue and forecast by each type segment in terms of revenue for the period 2015-2026.
