The purpose of this online Pandemic Town Hall for PASTORS, PRIESTS, RABBIS, PHYSICIANS, and Others is to prove to participants that pandemic illness is not a death sentence, that it can be fairly-easily prevented and that schools, businesses and places of worship can be safely re-opened NOW.

Doctors Isaac Golden PhD, DHom, ND; David Brownstein, MD and Leigh Erin Connealy, MD will be presenting information about effective prevention options they have seen and used during the COVID-19 pandemic. This is especially important for frontline workers and those at high risk of experiencing a poor outcome.

This is the second in a series of planned town halls from the [United Medical Freedom SuperPAC](#). The first session titled COVID-19 is Not a Death Sentence detailed the latest information from doctors George Fareed, MD; Pierre Kory, MD, MPA and Leigh Erin Connealy, MD about successful treatment options they have seen and used in their practices.
