

Delaware US Navy Veterans Lung Cancer Advocate Appeals to the Family of a Navy Veteran in Delaware with Lung Cancer Who Also Had Asbestos Exposure to Asbestos to Call the Lawyers at Karst von Oiste About Compensation

WILMINGTON , DELAWARE , USA,
October 27, 2020 /EINPresswire.com/ --

The Delaware US Navy Veterans Lung Cancer Advocate says, "We are appealing to the member of the American Legion or VFW who has a Navy Veteran friend with lung cancer in Delaware to ask him if he had heavy exposure to asbestos in the navy in the 1960s, or 1970s? If the answer is yes-he did--please ask his wife or family to call the lawyers at the law firm of Karst von Oiste anytime at 800-714-0303.

Financial compensation for a person like this might exceed \$100,000 and it does not involve suing the navy. The average Navy Veteran we are trying to identify is well over 60 years old and it does not matter if he smoked cigarettes. Most people like this do not realize that the \$30 billion dollar-asbestos trust funds were set up for them too." www.karstvonoiste.com/

The lawyers at the law firm of Karst

von Oiste have been assisting Navy Veterans and people with asbestos exposure lung cancer and mesothelioma for decades and they are responsible for over a billion dollars for people like this. "Most Navy Veterans who had heavy exposure to asbestos decades ago and develop lung cancer never get compensated-even if they should. For direct access to the lawyers at Karst von Oiste please call 800-714-0303 anytime."

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been

diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact."

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine,

“

"Most Navy Veterans who had heavy exposure to asbestos decades ago and develop lung cancer never get compensated-even though most should-as the lawyers at Karst von Oiste at 800-714-0303 will explain."
